# SUPPORT A HEALTHIER, BRIGHTER FUTURE FOR TENNESSEE KIDS

**1 in 5 Tennessee kids don't have enough to eat. Let's keep them fed for success.**

## **HEALTHY SCHOOL MEALS**

**HB 1153 BY REP. LYNN/SB 740 BY SEN.  
HARSHBARGER**

No student should have to think about their stomach instead of their classes. This bill eliminates reduced meals and instead provides no-cost meals to those students, ensuring our students are fed and ready for success.

## **SUMMER EBT**

**HB1835 BY REP. HALE / SB1911 BY SEN.  
BAILEY**

When school is out, many Tennessee kids lose access to the healthy meals they rely on during the year, leaving families struggling to afford enough food. This legislation enables Tennessee to accept federal Summer EBT funding so families across the state can access healthy food for their children all summer long.
